

CORPORATE DONATION FORM

The Foundation advances the AOFAS mission to promote quality, ethical, and cost-effective patient care through funding of the following areas:

RESEARCH – *Discovering new treatments to improve patient care*

With financial support from The Foundation, research grants are awarded annually to promising foot and ankle research projects, based on a blinded review of grant applications. The Foundation also is supporting the development of OFAR — the Orthopaedic Foot & Ankle Research Network — an AOFAS initiative to collect and share nationwide patient-reported data on foot and ankle treatment outcomes.

EDUCATION – *An investment in the future of the profession*

AOFAS educational programs targeting residents and early-career members are funded by The Foundation. These include Resident Scholarships, Webinars, and Traveling Fellowships. These outreach programs enhance orthopaedic education and encourage early interest in the foot and ankle subspecialty.

HUMANITARIAN SERVICE – *Opening doors for volunteer outreach and professional growth*

The AOFAS Overseas Outreach Project, funded by The Foundation, provides life-changing surgery for children and adults with deformities and disabilities, and challenging professional experiences for members. AOFAS members teach and work side-by-side with local orthopaedic surgeons in the cities and villages of northern Vietnam.

LEVELS OF GIVING Please select level of giving:

- Diamond:** \$500,000 and above
- Platinum:** \$250,000 – \$499,999
- Gold:** \$100,000 – \$249,999
