

Please take a moment to update your keywords for **both FAI and FAO**. Completing this should require less than a minute for each journal.

Please [log in to FAI](#) to update your keywords. Then, please [log in to FAO](#) to update your keywords there as well, since SAGE's system does not allow for a unified update across both platforms.

Under each journal, you will need to complete the following:

- Click the dropdown by your name and select **User ID & Password**

- Under **Edit My Account**, fill in your Keywords under each Areas of Expertise and Interest by highlighting and clicking Add. Click Finish at the top or bottom of the page to save.

### Edit My Account

Enter your desired User ID and Password into the boxes below. You will be asked to enter your User ID and Password each time you log in.
