AOFAS Advanced Surgical Techniques in Foot and Ankle Reconstruction: Beyond Basic Procedures
October 27-29, 2016 - OLC, Rosemont, Illinois
Agenda (as of 9/29/2016)

Course Faculty
Steven L. Haddad, MD, Course Chair
Gregory C. Berlet, MD
J. Chris Coetzee, MD
Bruce E. Cohen, MD
Bryan D. Den Hartog, MD
Scott J. Ellis, MD
James R. Holmes, MD
Jeremy J. McCormick, MD
William C. McGarvey, MD
Brian C. Toolan, MD
Anand M. Vora, MD
Brian M. Weatherford, MD

PROGRAM AGENDA

Thursday, October 27, 2016

2:00PM – 8:00PM: Registration

4:00PM—4:05PM: Welcome and Course Format

Forefoot
4:05PM—4:20PM: Can’t We All Be Congruent? Strategies in Bunion Correction
Brian Weatherford, MD

4:20PM—4:35PM: Windy City Windswept Foot: Metatarsus Adductus and Its Influence on Hallux Valgus Deformity
James Holmes, MD

4:35PM—4:50PM: The Crossover 2nd Toe: More than Your Average Clawtoe
Scott Ellis, MD

4:50PM—5:05PM: Discussion and Audience Questions
Moderator: Anand Vora, MD
Midfoot
5:05PM—5:20PM: The Charcot Midfoot: Etiology, Mechanism, and Avoiding Secondary Collapse
William McGarvey, MD

5:20PM—5:35PM: Discussion and Audience Questions
Moderator: Jeremy McCormick, MD

5:35PM: Working Dinner - Lectures Continue

Tendon Sequella
5:45PM—6:00PM: The Advanced Adult Acquired Flatfoot: Alternatives in the Standard Reconstruction
Gregory Berlet, MD

6:00PM—6:15PM: The Workhorse Tendon: Using the Flexor Hallucis Longus Tendon for Insertional Achilles Disorders and Complete Peroneal Tendon Rupture
Bryan Den Hartog, MD

6:15PM—6:30PM: Discussion and Audience Questions
Moderator: Scott Ellis, MD

Hindfoot
6:30PM—6:45PM: The Complex Triple Arthrodesis: Using Joint Fusions to Correct Deformity
Jeremy McCormick, MD

6:45PM—7:00PM: Calcaneal Fracture Malunion: Bone Block and Better!
Brian Toolan, MD

7:00PM—7:15PM: Discussion and Audience Questions
Moderator: William McGarvey, MD

Ankle
7:15PM—7:30PM: Alternatives in Ankle Fusion Techniques: Avoiding Kirschner Wire Fixation
Bruce Cohen, MD

7:30PM—7:45PM: Medial Collateral Ligament and the Absent Peroneal Tendons: Two Great Soft Tissue Challenges About the Ankle
Steven L. Haddad, MD

7:45PM—8:00PM: Discussion and Audience Questions
Moderator: Anand Vora, MD

8:00PM: Adjourn for the day
Friday, October 28 2016

Breakfast on your own

**Forefoot**
7:30AM—7:40AM: Double Osteotomy for Congruent Hallux Valgus Deformities
*James Holmes, MD*

7:40AM—8:15AM: Lab (Lapidus/Distal Osteotomy; Biplanar Chevron)

8:15AM—8:25AM: Metatarsus Adductus Correction with Hallux Valgus Deformity
*Brian Toolan, MD*

8:25AM—9:00AM: Lab (Midfoot Fusion with Osteotomy vs. Lesser Metatarsal Osteotomy)

9:00AM—9:10AM: Crossover Toe Correction
*Anand Vora, MD*

9:10AM—10:00AM: Lab (EDB transfer, GT transfer, Weil v. Metatarsal Shortening, Plantar Plate Reconstruction)

10:00AM—10:15AM: Break

**Midfoot**
10:15AM—10:25AM: Plantar Plating/Charcot Disease
*Brian Weatherford, MD*

10:25AM—11:30PM: Lab (Plantar Plating Techniques, Intramedullary Bolts)

11:30AM—12:15PM: Lunch with Questions

**Tendon Sequella**
12:15PM—12:25PM: Advanced Adult Acquired Flatfoot
*Scott Ellis, MD*

12:25PM—1:25PM: Lab (Naviculocuneiform Arthrodesis, Malerba v. Dwyer Calcaneal Osteotomy, Evans Tips, FDL Transfer)

1:25PM—1:35PM: Sacrificial Tendons: The Flexor Hallucis Longus
*J. Chris Coetzee, MD*

1:35PM—2:15PM: Lab (Insertion Achilles Disorders, Complete Rupture Peroneal Tendons)
2:15PM - 2:30PM: Break

**Hindfoot**
2:30PM—2:40PM: Hindfoot Fusion Tips and Tricks  
*Steven L. Haddad, MD*

2:40PM—4:00PM: Lab (Medial Approach Triple Arthrodesis, Flat Cut Subtalar Arthrodesis, Adding Calcaneal Osteotomy to Hindfoot Fusion, Using Calcaneocuboid Fusion to Your Advantage)

4:00PM—4:10PM: Calcaneal Fracture Malunion  
*Bruce Cohen, MD*

4:10PM—5:30PM: Lab (Distraction Bone Block Fusion, Vertical Slide Calcaneal Osteotomy)

5:30PM Adjourn for the day

**Saturday, October 29th**

Breakfast on your own

**Ankle**
8:00AM—8:15AM: Medial and Lateral Collateral Ligament Tips  
*Jeremy McCormick, MD and Bryan Den Hartog, MD*

8:15AM—9:00AM: Lab 1 (Deltoid Ligament Reconstruction, Ligament Definition and Tendon Transfer Techniques)  
*Jeremy McCormick, MD*

9:00AM—9:45AM: Lab 2 (Lateral Collateral Ligament Reconstruction through Chrisman/Snook, Modified Broström, Andersonplasty)  
*Bryan Den Hartog, MD*

9:45AM—10:00AM: Break

10:00AM—10:10AM: Open Ankle Arthrodesis Strategies  
*William McGarvey, MD*

10:10AM—11:30AM: Lab (Anterior Approach and Plating, Posterior Approach Visualization/Plating)

11:30—11:40PM: Fibula Groove Deepening  
*J. Chris Coetzee, MD*
11:40—12:15PM: Lab (Fibula Groove Deepening Strategies)

12:15PM—12:25PM: Options in Syndesmotic Reconstruction/Fibula Shortening
Gregory Berlet, MD

12:25PM—1:30PM: Lab (Primary Reconstruction/Syndesmotic Fusion for Late Failure/Fibula Lengthening Techniques)

1:30PM: Course Adjourn
